## 28 Entry Passout!

16<sup>th</sup> June 2001

28 Entry had their Passout Dining-In Night at the Hazel Pear on Saturday 16<sup>th</sup> June.

Wing Commander & Mrs Walkey were the guests of honour.

One of the entry was unable to attend (some prior television commitment or some such thing!) which meant that the five remaining members, FCTC adult and cadet staff plus a stand-in CO had to endure a superb meal, copious amounts of drink and some well tried and tested mess games.

A good night was had by all, as can be witnessed by visiting our web site and viewing the incriminating photos!

28 Entry, although small in number but strong in character, are not the smallest entry to passout. This honour is held by 21 Entry - all two of them! And look how THEY turned out!

The annual Hazel Pear James Bond Impersonation Night got off to a cracking start.

## Inter Flight Comps

There comes a time, maybe only once or twice in a lifetime, when you have to gird your loins (!?!), rally round, team up with a group of like minded people and, in the spirit of adventure, wipe the floor with another group of like minded people!

All this means is that the seemingly lost tradition of Inter Flight competition has been re-found!

Yes folks, the squadron will actively encourage, nay insist, on a sprit of good old fashion 'nah nah we're better than you lot!!!'

So, come on, give 100% to your flight (what do you mean you don't know what flight you are in - its listed in the squadron!) and show the others how good you are.

Now some of the members of 2 Flight have already been lulled into a false sense of security by 1 Flight loosing a few comps. But as we all know, 1 Flight are the best - I think you know I'm right don't you. Don't believe it? Wait till the next comp - it will be proved!

## Web Site News

The new 'no adverts' web site should be hitting the world wide web street in early July. It should be faster and will offer more services. For example, need a kit list or an ACF13 ('wots one of dem?') - well you will soon be able to download them plus other forms. Brill eh? Any ideas for the site please email [146webmaster@theaircadets.org](mailto:146webmaster@theaircadets.org)

All web sites should look this good!
